GENERAL INFORMATION:
APPLICANT: The Government of the United States of America, as represented by the APPLICANT: Secretary of the Department of Health and Human Services, Centers for APPLICANT: Lal, Altaf A.
APPLICANT: Control and Prevention
APPLICANT: Lal, Altaf A.
APPLICANT: Hasnain, Seyed E.
TITLE OF INVENTION: Recombinant Multivalent Malarial Vaccine Against Plasmodium Fa
FILE REFERENCE: 6395-7049
CURRENT APPLICATION NUMBER: US/09/763,397A
CURRENT FILING DATE: 2001-02-16
PRIOR APPLICATION NUMBER: US 60/097,703
PRIOR APPLICATION NUMBER: PCT / US99/18869
PRIOR APPLICATION NUMBER: PCT / US99/18869
INVENTE: PATE: PATE: 1199-08-19
NUMBER OF SEQ ID NO 7
LENGTH: 21
TYPE: PRT
CORGANISM: Plasmodium falciparum

No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.

       Pred. No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              Score
